Agenda

- Introduction to GSO
- Features
- Recommended workflow and Demonstration

Introduction to GSO

Introduction

- GSO is a new system which use for evaluating group requests to create, price and manage bookings
- Dynamic pricing will be used to provide group offers

GSO Features

GSO Features

- 6 kinds of booking actions can be done in GSO

New Group Bookings

- Create Bookings

Booking Management

- Change itinerary
- Split PNR
- Cancel Bookings
- Increase group size
- Decrease group size

New Group Booking– Create Bookings

- Round Trip, One Way, Multi-City & Multi-Origin groups types are available in GSO for new group request
- Mixed compartment for Outbound and Inbound sector can be created

Trip Details

Round Trip	One Way	Multi-City	Multi-Origin					
From		Depart Date	DD/MM/YYYY	Any time	Compartment	Economy	Stops	Any
To		Return Date	DD/MM/YYYY	Any time	Compartment	Economy	Stops	Any

- Available flight options will be provided for selection

Select Flight: HKG to TPE					Fare information below excludes taxes.

10

Items per page

Booking Management – Change Itinerary

- Agents are able to change itineraries (date change, itineraries changes, trip type changes, etc.) and reprice the group in GSO
- Trip Type can be changed from RT to OW & multi-city or vice versa
 - * Change to multi-origin is not allowed under edit trip type
- Booking ID (Booking Identification number for a booking created) will remain the same although itinerary has been changed
- All related booking management changes will be recorded

Booking Management – Split PNR

- PNR split can be done in the Booking Management page
- Split PNR needs to be done **BEFORE** name in process
- Once split is done, it is not possible to be revoked

Booking Management – Cancel Bookings

- Group cancellation is available on GSO by using “Cancel Booking”
- Partial cancel is also available by cancelling unused PNR under the same Booking ID

Booking Management – Increase/ Decrease group size

- Group size can be increased or decreased via “Increase Group Size” and “Decrease Group Size” feature in GSO
- Group size change must be done via GSO
- Increase group size refers to adding a new group request in the original booking ID
- Decrease group size takes the threshold of FOC into account (e.g. 15+1), but it is currently referring to PNR level but not Booking ID level
 - *Applied to POS that with FOC policy

Recommended Workflow and Demonstration

GSO – Landing Page

- “New Request” is used for creating new group bookings
- “Task Queue” page will contain all the items to be followed up including below,
 1. Offers
 2. Bookings (Booked & Cancelled)
 3. Timelines (Deposit, Final Payments & Names)
 4. Schedule Change
 5. Escalations

Details of “Task Queue” will be introduced in later page.

Escalation

- Escalation is a workflow to request approval of itinerary options that can't be priced by end users because of airlines' internal inventory policy.
- ** In some conditions, escalate function will be prohibited
- As mentioned in previous slides, TA users may inform sales office the offer ID after saving an offer in order to discuss with airline and escalate the order to RM

Escalation – Escalating a request to Sales

Booking Management – Payments Tab

- Special Notes on latest GSO version
 - Under new GSO version, there are only “Cash” & “Credit Card” to select for form of payment
 - User may select to input EMD remark under description box for booking made after 17September2021
 - For Bookings made before 17September2021, “Add Payment” function is disabled. Please update the payment method outside GSO.

Special Notes on Booking Management

Name in outside GSO

- Name in should be done via Cathay Agent (CXA)

Recommended workflow

- It is recommended **NOT** to perform booking management change (i.e. decrease, split and edit trip) after name in
- Make sure all the split to be done before name in process.
- Name in should happen as final stage in the whole end to end process

Invoice PDF template

- Invoice PDF Template is currently blank, but users can refer to the payment information showing in GUI

This Invoice is currently unavailable. Please contact representative for further assistance.
